Important note to Cisco Cyber Vision version 3.0.x users

A version 3.0.3 is released at the same time as version 3.1.0. Upgrade from any version prior to 3.0.3 to 3.1.0 could fail due to the size of a partition. Version 3.0.3 will increase the partition's size to avoid any issue to occur during the upgrade. Only the Cisco Cyber Vision Center must be upgraded to 3.0.3 before being upgraded to version 3.1.0.
