How to use your passport?

Attention travellers! Make sure you follow the below steps to get started:

1. First install Adobe Acrobat Reader on your PC. You can download the free version by clicking [here](#)
2. Download the passport by clicking on the download button (usually located in the top right corner of your screen).
3. Open your passport using Adobe Acrobat Reader and you're ready to go!

Opening the passport in your browser lets you view it, but it doesn't let you upload avatar stamps, so make sure you download Adobe Acrobat first.

Hurry, you have until 1 August to collect five avatar stamps to win a backstage pass.
