End of Life Announcement for the Cisco Identity Services Engine Software Version 2.6

Contents

Overview

Cisco announces the end-of-life dates for the Cisco Identity Services Engine (ISE) Software Versions 2.6.

Table 1.   End of life Milestones and Dates

Milestone	Definition	Date
End of Life Notice	Announcement of end-of-life of the product posted on Cisco.com.	14th June 2021
Software Maintenance	From this date, Cisco will only publish fixes for security vulnerabilities and severity 1 issues pertaining to the release as determined by the Cisco ISE team.	31st December 2021
End of Software Maintenance	The last date on which Cisco Engineering may release the final software maintenance releases or bug fixes, if any. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software including Sev 1 and security vulnerabilities.	31st January 2023
End of Support	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product will become unavailable, and the product becomes obsolete.	31st January 2024

Product Migration Options

Install and upgrade guides:

https://www.cisco.com/c/en/us/support/security/identity-services-engine/products-installation-guides-list.html

Ordering Guide:

https://www.cisco.com/c/dam/en/us/products/collateral/security/identity-services-engine/guide_c07-656177.pdf

Customers are encouraged to review the Cisco ISE ordering guide and to speak with their sales representative to ensure that they migrate to the correct mix of Cisco ISE products.

Cisco Takeback and Recycle program helps businesses dispose properly of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to: https://www.cisco.com/web/about/ac227/ac228/ac231/about_cisco_takeback_recycling.html.
