Overview

EOL15527

Cisco announces the end-of-sale and end-of-life dates for the Cisco Catalyst Digital Building (CDB) switches. The last day to order the affected product(s) is April 30, 2025. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

End-of-life milestones

Table 1. End-of-life milestones and dates for the Cisco Catalyst Digital Building (CDB) switches

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end of sale and end of life of a product is distributed to the general public.	October 30, 2024
End-of-Sale Date: HW	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	April 30, 2025
Last Ship Date: HW	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	July 29, 2025
End of SW Maintenance Releases Date: HW	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	April 30, 2026
End of Vulnerability/Security Support: HW	The last date that Cisco Engineering may release a planned maintenance release or scheduled software remedy for a security vulnerability issue.	April 30, 2030
End of Routine Failure Analysis Date: HW	The last-possible date a routine failure analysis may be performed to determine the cause of hardware product failure or defect.	April 30, 2026
End of New Service Attachment Date: HW	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	April 30, 2026
End of Service Contract Renewal Date: HW	The last date to extend or renew a service contract for the product.	July 26, 2029
Last Date of Support: HW	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete.	April 30, 2030

HW = Hardware

OS SW = Operating System Software

App. SW = Application Software

Product part numbers

Table 2. Product part numbers affected by this announcement

End-of-Sale Product Part Number	Product Description	Replacement Product Part Number	Replacement Product Description	Additional Information
CDB-8P	Catalyst Digital Building 8 Port PoE+	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-8P++	Catalyst Digital Building 8 Port PoE+	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-8P1	Catalyst Digital Building 8 Port PoE+ bundle	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-8U	Catalyst Digital Building 8 Port UPoE	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-8U++	Catalyst Digital Building 8 Port UPoE	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-8U1	Catalyst Digital Building 8 Port UPoE Bundle	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-MNT-FLEX-C14	Flex mount, IEC C14, Catalyst Digital Building series	See the Product Migration Options section below for detailed information on replacing this product.	-	-

End-of-Sale Product Part Number	Product Description	Replacement Product Part Number	Replacement Product Description	Additional Information
CDB-MNT-FLEX-C14=	Flex mount, IEC C14, Catalyst Digital Building series	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-MNT-FLEX-DIR	Flex mount, direct wire, Catalyst Digital Building series	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-MNT-FLEX-DIR=	Flex mount, direct wire, Catalyst Digital Building series	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-MNT-NONE	No mount option; order rack mount seperately	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-MNT-RACK5-C14=	19 inch 5-slot rack mount, 5x IEC C14, CDB series	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-SD-1GB	CDB 1GB SD Memory Card	See the Product Migration Options section below for detailed information on replacing this product.	-	-
CDB-SD-1GB=	CDB 1GB SD Memory Card	See the Product Migration Options section below for detailed information on replacing this product.	-	-

Product migration options

There is no direct one to one migration option available for the Catalyst Digital Building switches. However, the following options can be considered. Please reach out to the Cisco account representative to discuss more details. For distributed deployment model, 9200CX UPOE SKU provides higher data performance with lower PoE power density; Consider centralized deployment model with 9300 UPOE/UPOE+ SKUs providing high port and PoE power density and option for redundant power

Customers may be able to use the Cisco Technology Migration Program (TMP) where applicable to trade-in eligible products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, customers should work with their Cisco Partner or Cisco account team. Cisco Partners can find additional TMP information on Partner Central at

https://www.cisco.com/web/partners/incentives_and_promotions/tmp.html.

Customers may be able to continue to purchase the Cisco Catalyst Digital Building (CDB) switches through the Cisco Certified Refurbished Equipment program. Refurbished units may be available in limited supply for sale in certain countries on a first-come, first-served basis until the Last Date of Support has been reached. For information about the Cisco Certified Refurbished Equipment program, go to: <https://www.cisco.com/go/eos>.

The Cisco Takeback and Recycle program helps businesses properly dispose of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:

https://www.cisco.com/web/about/ac227/ac228/ac231/about_cisco_takeback_recycling.html.
