Cisco Collaboration Flex Plan 3.0 for Education

With the release of the Cisco® Collaboration Flex Plan 3.0 for Education, our Flex Education Plan is evolving to accelerate and incentivize the move to Flex, simplify quoting and ordering, and improving collaboration by bundling Webex® Meetings and Calling.

Buying models

An Enterprise Agreement (EA) covers all Knowledge Workers (KW) in an organization and allows for 20 percent growth with additional value-added benefits to cover organizational needs. A minimum of 50 KWs are required, with the exception of UCM Cloud Calling which requires a minimum of 1000 KWs (500-999 by exception).

Deployment models

You will choose a software deployment model for each of your users. Customers can choose to mix deployment models to fit their needs and deploy cloud Meetings and Calling on-premises, hosted by a partner, and/or via a cloud (either Cisco Unified Communications Manager [UCM] Cloud and/or Webex Calling). Table 1 shows which deployment models are available for Meetings and Calling.

Technical support and customer success services

Cisco offers support services covering the areas of problem resolution, customer success and adoption, and designated support management in four service tiers: Basic, Enhanced, Premium, and Solution. Basic support is included at no additional cost for the duration of your subscription. For more information about available technical support services, contact your partner or Cisco sales agent.

On-premises licensing and software delivery

On-premises licenses are delivered to you via your Smart Account. The partner is responsible for entering your Smart Account information at the time your order is placed.

The on-premises software and license Product Authorization Keys (PAKs) are available through the links provided in the eDelivery email that will be sent to the email address(es) provided on the order. Instructions will be included on how to register the PAKs and install the license.bin file.

Ordering information

To place an order, contact your certified Cisco partner or Cisco sales agent. If you need help finding a partner in your area, use the [Partner Locator tool](#). Your partner or Cisco sales agent can also assist with any modifications to your subscription after your initial order is placed.

Entry-level Webex service

If you elect not to renew your subscription, your Webex account will be converted to an entry-level cloud service. The free cloud service has fewer features and differing usage limits than the paid cloud service. Cisco may at any time change those features and limits at our discretion and without notice. Cisco may also deactivate or delete your free account and any related data if you exceed the 5-GB storage limit per user.

Cisco environmental sustainability

Information about Cisco’s environmental sustainability policies and initiatives for our products, solutions, operations, and extended operations or supply chain is provided in the “Environment Sustainability” section of Cisco’s [Corporate Social Responsibility \(CSR\)](#) Report.

Reference links to information about key environmental sustainability topics (mentioned in the “Environment Sustainability” section of the CSR Report) are provided in the following table:
