

End-of-Sale and End-of-Life Announcement for the Cisco GainMaker 1 GHz and High Output Reverse Segmentable Nodes

EOL11504

Cisco announces the end-of-sale and end-of-life dates for the Cisco GainMaker 1 GHz and High Output Reverse Segmentable Nodes. The last day to order the affected product(s) is August 4, 2017. Customers with active service contracts or active warranties will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active service contracts or active product warranties, support will be available for the shown dates as stated in the applicable service contracts or product warranty terms and conditions.

The Cisco GainMaker 3 Port Reverse Segmentable Nodes are being discontinued due to very low sales over the past 2 years. The other GainMaker Nodes (standard HGBT and 4 Port Segmentable) remain available until further notice.
