

SG350XG: Success Prompt Appears Before the Operation is Completed

Date Identified

May 23, 2017

Date Resolved

N/A

Product Affected

SG350XG	2.2.0.x

Problem Description

When selecting multiple devices on which to upgrade and checking the **Reboot devices after download** check box via Smart Network Application (SNA), the success prompt appears even before the operation gets completed on all devices.

Current Status

There is no known workaround.
