

Preface

This preface describes the audience, organization, and conventions of this document. It also provides information on how to obtain other documentation.

This preface contains the following sections:

- [Audience, on page i](#)
- [Document Conventions, on page i](#)
- [Related Documentation, on page ii](#)
- [Communications, Services, and Additional Information, on page ii](#)

Audience

This guide is meant for Cisco Spaces account administrators who enable the hybrid work experience through the Cisco Spaces **Environmental Analytics** app.

Other target audiences include network and IT administrators who deploy the Cisco Spaces **Environmental Analytics** app.

Document Conventions

This document uses the following conventions:

Table 1: Document Conventions

Convention	Description
Bold font	Commands and keywords and user-entered text appear in bold font. Commands, command options, and keywords are in boldface.
<i>Italic</i> font	Document titles, new or emphasized terms, and arguments for which you supply values are in <i>italic</i> font.
Option > Option	Used to describe a series of menu procedures in the GUI.

Reader Alert Conventions

This document may also use the following conventions for reader alerts:

Note Means the following information includes helpful suggestions or references to material not covered in this document.

Tip Means the following information will help you solve a problem.

Caution Means you need to be careful. In this situation, you might perform an action that could result in equipment damage or loss of data.

Related Documentation

- All user documentation for Cisco Spaces is available at <https://www.cisco.com/c/en/us/support/wireless/dna-spaces/series.html>.
 - [Cisco Spaces Data Sheet](#)
 - [Cisco Spaces Configuration Guide](#)
 - Cisco Spaces [compatibility with other Cisco products](#)
- For Cisco Spaces support information, see [Support](#) or contact the Cisco Spaces [support team](#).

Communications, Services, and Additional Information

- To receive timely, relevant information from Cisco, sign up at [Cisco Profile Manager](#).
- To get the business impact you're looking for with the technologies that matter, visit [Cisco Services](#).
- To submit a service request, visit [Cisco Support](#).
- To discover and browse secure, validated enterprise-class apps, products, solutions, and services, visit [Cisco DevNet](#).
- To obtain general networking, training, and certification titles, visit [Cisco Press](#).
- To find warranty information for a specific product or product family, access [Cisco Warranty Finder](#).

Cisco Bug Search Tool

[Cisco Bug Search Tool](#) (BST) is a gateway to the Cisco bug-tracking system, which maintains a comprehensive list of defects and vulnerabilities in Cisco products and software. The BST provides you with detailed defect information about your products and software.

Documentation Feedback

To provide feedback about Cisco technical documentation, use the feedback form available in the right pane of every online document.
