

De-registratiestappen begrijpen voor Lost Smart Licensing Reservation Return-code

Inhoud

[Inleiding](#)

[Procedure](#)

Inleiding

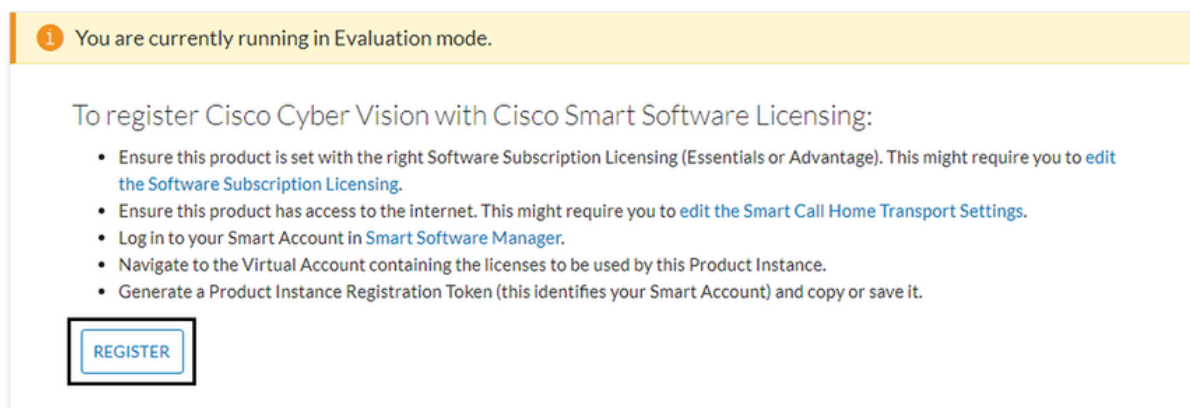

Dit document beschrijft de procedure om het CyberVision Center uit de Cisco Smart Software Manager te verwijderen wanneer de reserveringscode verloren is.

Procedure

Tijdens het Center de-register proces (referentie: [stappen naar de-register](#)), wordt van de gebruiker verwacht dat hij de gegenereerde reserveringscode kopieert/opslaat en doorgaat met de stappen om licentietekenen te herstellen in Cisco Smart Software Manager (CSSM) met behulp van de eerder gegenereerde code (zie stap 2. in [Stappen naar de-register](#)).

Als de gebruiker het kopiëren/opslaan van de gegenereerde reserveringscode heeft gemist, gebruik deze procedure om de code opnieuw op te halen.

Stap 1. Klik in Cisco Cyber Vision op de knop REGISTER.

Het venster voor de registratie van productlicenties voor slimme software wordt geopend.

Stap 2. Klik op de link Start hier.

Smart Software Licensing Product Registration

To register the product for Smart Software Licensing:

- Ensure that you have connectivity to the url specified in your Smart Call Home settings. By default, this will require Internet access. If your Smart Account is authorized for License Reservation and you wish to reserve licenses [start here.](#)
- Paste the Product Instance Registration Token you generated from [Smart Software Manager.](#)

Product Instance Registration Token:

Reregister this product instance if it is already registered

Register Cancel

Registration Status: Unregistered

Stap 3. Klik op Ja, Mijn slimme account is Licentiereservering ingeschakeld.

Smart Software Licensing

⚠ Ensure Smart Account Can Use License Reservation

Use of the License Reservation requires specific permission from Cisco. If you do not see a "Reserve Licenses..." button in Inventory > Licenses in [Smart Software Manager](#), your account does not have the ability to use this feature.

Please be aware that License Reservation reduces or nullifies many of the benefits of Smart Licensing including:

- Dynamic movement of license consumption between products, failed or otherwise
- License usage visibility and asset management
- Simplified product registration

Yes, My Smart Account is License Reservation Enabled Cancel

Stap 4. Klik op Generate Reservation Application Code.

Smart Software Licensing

⚠ Smart License Reservation

In order to continue, ensure that you have a **surplus** of the licenses you will be requesting in your Smart Account

Generate Reservation Request Code Cancel

In deze stap wordt de code van uw reserveringsaanvraag weergegeven. Negeer de code en kies de optie Sluiten.

Stap 5. In Cisco Software Central navigeer u naar Inventory > Product Instances en klik u op **productinstantie**.
Download de reserveringscode.
