

# Planningen beheren op RV34x Series router

## Doel

Kalender zijn handig bij het beheren van bepaalde functies van de router. Een beheerder kan een schema aan een regel of beleid met een specifieke begin en eindtijd toewijzen, en ze aan specifieke dagen van de week toewijzen. Met deze functie kunt u beleid op elk moment van de dag naadloos in- en uitschakelen.

Het doel van dit document is om u te tonen hoe u een programma op de systeemconfiguratie van de RV34x Series router kunt beheren door een programma toe te voegen, te bewerken en te verwijderen.

## Toepasselijke apparaten

- RV34x Series

## Softwareversie

- 1.0.00.33
